4 Instruction for use

- | | | |
|-----|--------------------|---|
| 4.1 | In general | Shake well before use. Do not use or dry at temperatures below +10°C and /or relative humidity above 80%. |
| 4.2 | Application | Turn spray nozzle to "on" position. Hold GORI Power Cleaner upright and spray directly onto substrate at a distance of around 20 cm. Rub with a scrubber, brush, or rag in the direction of the wood grain. Leave to take effect for approx. 1 minute and then rinse with clean water. GORI Power Cleaner is not a substitute for the annual surface treatment of garden furniture (e.g. GORI 36). If a protective treatment of the surface is desired, treat with the GORI oil suited to the corresponding type of wood. |
| 4.2 | Cleaning of tools: | Warm water |

5 Safety instructions

- | | | |
|-----|----------------------|---|
| 5.1 | In general: | Do not store in areas in which food is manufactured or stored. Only store in original containers. Do not mix or use GORI Power Cleaner with other cleaning agents. |
| 5.2 | Safety instructions: | Keep out of reach of children. If medical advice is needed, have product container or label at hand. Wear eye or face protection. Wash hands thoroughly after handling. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Use biocides safely. For more information, see our safety data sheet. |

6 Disposal

- | | | |
|-----|-----------|--|
| 6.1 | Disposal: | Do not dispose of into groundwater, watercourses or the sewage system. Carefully seal GORI Power Cleaner after use. Do not store below +5°C or above +30°C. Dispose of product residue in the original packaging at a suitable waste collection point. Completely empty packaging can be recycled. |

The purpose of this Technical Safety Datasheet is to inform our clients about the product's properties and characteristics. This information is based on tests made under conditions of use complying with effective standards. Our recommendations are given merely as an indication and do not replace specific recommendations related to the type and status of the work and timber to be treated. Before applying the product, clients should check for any updates of this Technical Data Sheet, and should bear in mind the new information provided, if any. This Technical Datasheet replaces all previous versions.
